

LADDER DEVELOPMENT PROGRAM

Ladder helps young people in Australia aged 16 – 25 to break the cycle of homelessness and achieve their potential

The Ladder Development Program is a relationship based approach enabling us to provide a range of services, programs and housing with other organisations to suit the needs of young people

We work with young people who are at risk or have experienced homelessness

Young people are at the forefront of everything we do at Ladder

Our focus is on a young person's strengths and running programs which build on their talents and capabilities
